## **MEMORANDUM 'A EUROPE OF YOUNG PEOPLE'**

**Issued by the young participants of the Project PRO-EU  
'Prospects of young people in Europe after the EU-election 2019: positive thinking and debate  
about Euroscepticism'**

(Decision Nr 2019 - 1435 / 001 – 001)

**Europe for Citizens/Town Twinning Programme  
Aheloy, Bulgaria, 16-19 September 2019**

The young participants of the Project PRO-EU concluded the following statements and policies as desirable for building a Europe of young people:

- ❖ The European culture and its diversity as well as the national identities must be maintained
- ❖ Possibilities for studying and working in the whole territory of the EU without inside border need to be ensured
- ❖ We want Europe which empowers its citizens
- ❖ The power possessed by the young people means the real power for the future of Europe
- ❖ We ask the questions, not only what Europe can do for us, but what we can do for Europe
- ❖ We want supports for the youth entrepreneurship, as the main driver for innovations and economic development
- ❖ The administrative measurements relating to health services, education, employment, travelling and similar ones relating to the standard life need to be maintained and developed further
- ❖ The territory of the EU need to be kept peaceful and secure for the safe of the next generation
- ❖ We want independent Europe as much as possible
- ❖ EU must support its citizens as much as possible as regards their family life and children programs so that the decline of the population be hindered
- ❖ Efforts need to be made for creating a cleaner, greener and sustainable environment
- ❖ The innovative capability of the EU need to be developed and should be competitive worldwide
- ❖ The financial capacity of the EU must be used with large efficiency for the general development of this area
- ❖ The experiences of the countries need to be exchanged and shared
- ❖ Less developed countries need help to reach the level of the more developed members
- ❖ The unique capabilities and advantages of the less developed countries should obtain support in order to reach the market of the more developed countries
- ❖ The co-operation of the Eastern countries –like Visegrad Group- should be recognised and their activities need more attention
- ❖ We should stay united, keep freedom and democracy for ensuring a better life for the new generations
- ❖ We accept the slogan: 'If not united, then remains alone'
